## ABOUT US

For over 100 years, the Royal Zoological Society of Scotland (RZSS) has been working to connect people with nature and safeguard species from extinction.

From our roots in Scotland to our work in over 20 countries around the world, we are dedicated to ensuring some of our most threatened species have a future.

**At RZSS, our legacy is as important to us as yours is to you.**

As an independent Scottish charity which receives no direct government funding, we rely on the support of people like you to achieve our vision. Over 75% of our income comes from our supporters and visitors – this support is vital to our work.

Each year, legacy income is worth over £2 billion to the UK. With almost 87% of us having a Will, even a small gift can make a huge difference

## YOUR GIFT TO THEM

Through leaving a gift in your Will, you can help guarantee a future for vulnerable species both in Scotland and across the planet.

A gift from you can help us direct funds to where they are needed most – whether that is working to secure a future for the threatened Scottish wildcat, or inspiring a generation of children to make room for nature.

“...The Royal Zoological Society of Scotland has shown not what zoos can be, but what they should be...”

## LEAVING A LEGACY

A legacy is a gift you leave in your Will to a person or organisation.

This can be:

- a specific item
- a fixed sum of money
- a percentage of your estate.

If you decide to leave some, or all, of your Will to us, it does not count towards the total value of your estate.

### PS...

Should you change your mind at any time, your Will can be amended or cancelled completely.
